Mary Baker Eddy

For many years there have been calls for a more complete index to Science and Health With Key To The Scriptures, and although the index prepared by the late Rev. J. H. Wiggin about the year 1885 was quite large, neither it nor subsequent indices fully met the requirements of the students of our textbook. It finally became apparent that the only satisfactory way to meet this need was to prepare a complete Concordance, which should include all prominent words and phrases which the student may desire to find. I am confident that this work will fully meet his demands. Following this is a preface prepared by the individual whom I employed as compiler of this Concordance, in which he sets forth his plan of arrangement, with an explanation of abbreviations used in this work. Mary Baker Eddy. Pleasant View, Concord, N. H. (Typographical errors above are due to OCR software and don't occur in the book.)
