Information Technology Skills and Knowledge: An Active-learning Approach (Promo active learning)

G. Harris, M. Hogan

Providing the learning material needed for an introductory course in Business Information Technology to NVQ/GNVQ 2, this book can be used as a class workbook, as a support text, or as the main resource of supported self-study/open learning. The structure and approach encourage students first to recognize the need for information technology and then acquire the knowledge and practical skills to implement it in solving realistic business problems.
