ExamREVIEW

According to MS, the MCSA SQL Server track is intended for candidates who need to perform SQL Server installation, maintenance and configuration tasks. They often need to set up database systems and are responsible for making sure those systems are actually running efficiently. They also need to ensure that the data is backed up regularly, stored effectively, and that the data is highly secure. One will very likely run SQL Server 2012 on Windows Server 2012. There is the new SQL Server 2012 exam coded 70-461 that covers these topics: Create Database Objects, Work with Data, Modify Data, and Troubleshoot & Optimize. Exam 70-465 is all about database design – the focus is more on the design strategy: Design Database Structure, Design Databases and Database Objects, Design Database Security, Design a Troubleshooting and Optimization Solution. These SQL Server exams share many common topics so it makes sense to study both together. This product is not intended to serve as an A-B-C guide to the SQL language. You are expected to have a basic level of SQL query statement knowledge and the ability to write queries using SELECT, FROM, WHERE, ORDER BY ...etc. We give you knowledge information relevant to the exam specifications. To be able to succeed in the real exams, you'll need to apply your earned knowledge to the question scenarios. Many of the exam questions are written to be less straight forward. They tend to be framed within the context of short scenarios. The exams are not too difficult. However, coverage is very comprehensive – a wide range of topics are presented in the official topic lists. The exams do not ask you to answer hundreds of questions. In other words, only a small fraction of the official topics will be presented. This ExamFOCUS book focuses on the more difficult topics that will likely make a difference in exam results. The book is NOT intended to guide you through every single official topic. You should therefore use this book together with other reference books for the best possible preparation outcome.
