He was the presence that was always in her dreams. He was mostly the backdrop but at times he came to the forefront. She never knew a time when he wasn't somewhere in her dreams, either watching in the distance, or standing just behind her. For all of her young life, Leslie has lived two realities; the one that happened in 'real life' and the other that took place weeks or months before--in her dreams. No matter how bad, Angel was always there to watch over her. He never grew older and she didn't think to question his presence. And then one fateful day, Angel shows her a series of events that will change her life and send young Leslie into a tailspin that will test her very sanity. In this multicultural, paranormal, erotic romance, Pepper Pace weaves a tale of a tragic and disturbed young girl whose fate is written...or is it?
