## **Can you do it?**

I started selling on eBay in 1999 with \$15 in inventory. That \$15 quickly grew to \$250, and then \$1000. Since then, I've often made \$4,000 to \$5,000 per month—sometimes, much more.

Many sellers make more money. It depends upon the products you sell, and the time you put into it. It's estimated over one million people in the United States make a part-time or full-time income selling online.

There's no better time than now to get started.
