Learn How to Study

Derek Rowntree

Learn How to Study Derek Rowntree

Professor Rowntree's book has been a bestseller since 1970, and has been used by over 250,000 students. Now thoroughly revised and up-to-date, this edition of LEARN HOW TO STUDY includes information gleaned from the very latest research of study techniques. It includes chapters on organising study time, writing essays, tackling textbooks, making notes, learning from seminars, and taking exams successfully. But rather than taking an old-fashioned prescriptive approach, the book's main concern is to encourage and help students to work out for themselves the most appropriate ways of studying. And, uniquely, this new book considers the question of the 'hidden curriculum' and suggests ways that students can cope with the unofficial demands made upon them.

From reader reviews:

Charles Jones:

Now a day people who Living in the era exactly where everything reachable by connect with the internet and the resources in it can be true or not need people to be aware of each details they get. How many people to be smart in acquiring any information nowadays? Of course the reply is reading a book. Examining a book can help individuals out of this uncertainty Information mainly this Learn How to Study book because book offers you rich details and knowledge. Of course the information in this book hundred percent guarantees there is no doubt in it everbody knows.

Glenn Wallin:

The reason why? Because this Learn How to Study is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will distress you with the secret that inside. Reading this book beside it was fantastic author who also write the book in such incredible way makes the content inside of easier to understand, entertaining technique but still convey the meaning thoroughly. So , it is good for you for not hesitating having this nowadays or you going to regret it. This unique book will give you a lot of benefits than the other book get such as help improving your talent and your critical thinking approach. So , still want to hold up having that book? If I had been you I will go to the guide store hurriedly.

Clarence Nelson:

Playing with family inside a park, coming to see the water world or hanging out with close friends is thing that usually you might have done when you have spare time, subsequently why you don't try thing that really opposite from that. Just one activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love Learn How to Study, you are able to enjoy both. It is good combination right, you still need to miss it? What kind of hangout type is it? Oh occur its mind hangout men. What? Still don't understand it, oh come on its referred to as reading friends.

Sheila Dickerson:

Do you like reading a reserve? Confuse to looking for your best book? Or your book was rare? Why so many problem for the book? But any people feel that they enjoy for reading. Some people likes studying, not only science book but in addition novel and Learn How to Study or even others sources were given understanding for you. After you know how the truly amazing a book, you feel need to read more and more. Science e-book was created for teacher as well as students especially. Those guides are helping them to add their knowledge. In some other case, beside science reserve, any other book likes Learn How to Study to make your spare time considerably more colorful. Many types of book like this.
