Roman Toilets: Their Archaeology and Cultural History (Babesch Supplementa)

Roman Toilets: Their Archaeology and Cultural History (Babesch Supplementa)

Multi-seater latrines, as we find them in Roman Ostia and in many other sites across the Mediterranean, are well known both to tourists and archaeologists, but very few people understand how they really functioned technically or how they may have been perceived in the context of Roman society. This handbook by an international group of specialists in archaeology, anthropology, and classical literature addresses a wide variety of questions regarding toilets in the Greco-Roman world. Chapters on the technology and construction of toilets, on the archaeology of toilets and their contents, on toilets in various ancient contexts (such as in private houses, baths, or military installations), on the impact of toilets on society and personal hygiene, especially in the Roman world, and on the decorations and graffiti from toilets, all combine to make this the most complete study of this important subject to date.

From reader reviews:

Marc Gaul:

Nowadays reading books become more and more than want or need but also work as a life style. This reading habit give you lot of advantages. The advantages you got of course the knowledge even the information inside the book that improve your knowledge and information. The knowledge you get based on what kind of guide you read, if you want attract knowledge just go with training books but if you want experience happy read one having theme for entertaining for example comic or novel. The particular Roman Toilets: Their Archaeology and Cultural History (Babesch Supplementa) is kind of guide which is giving the reader capricious experience.

Bobby Tremblay:

Exactly why? Because this Roman Toilets: Their Archaeology and Cultural History (Babesch Supplementa) is an unordinary book that the inside of the reserve waiting for you to snap this but latter it will surprise you with the secret it inside. Reading this book alongside it was fantastic author who all write the book in such amazing way makes the content within easier to understand, entertaining method but still convey the meaning totally. So , it is good for you for not hesitating having this anymore or you going to regret it. This amazing book will give you a lot of benefits than the other book have such as help improving your expertise and your critical thinking way. So , still want to hesitate having that book? If I ended up you I will go to the book store hurriedly.

Joseph Cosgrove:

Is it anyone who having spare time then spend it whole day by watching television programs or just lying down on the bed? Do you need something totally new? This Roman Toilets: Their Archaeology and Cultural History (Babesch Supplementa) can be the respond to, oh how comes? A book you know. You are so out of date, spending your time by reading in this completely new era is common not a geek activity. So what these textbooks have than the others?

Jillian Harrington:

What is your hobby? Have you heard that question when you got scholars? We believe that that problem was given by teacher for their students. Many kinds of hobby, Everyone has different hobby. And you know that little person such as reading or as examining become their hobby. You must know that reading is very important and also book as to be the matter. Book is important thing to include you knowledge, except your teacher or lecturer. You get good news or update with regards to something by book. Numerous books that can you decide to try be your object. One of them is actually Roman Toilets: Their Archaeology and Cultural History (Babesch Supplementa).
