Three monumental CDs...

Three consecutive sold-out world tours...

One of the biggest fan bases pop music has ever seen...

And they simply disappeared.

The music world watched in disbelief, as the members of 'the biggest pop band around' simply went on about their lives. For two years, they travel their own paths of discovery, and each eventually finds what they are searching for...

Then, at 2 AM, on a cool British morning, the lead singer finds the catalyst that will draw the five of them back together...

Words hastily scribbled in big red heart, and taped to a door...

*"Take Cadi, go find Stanley and the others, and MAKE MUSIC!*

*It's your destiny, girl.*

*It's their destiny.*

*It always has been..."*
