## **Napoleon 1814: The Defence of France** Andrew Uffindell

In 1814, after two successive years of defeat in Russia and central Europe, Napoleon was faced with the ultimate disaster - an Allied invasion of France itself. The conduct of the intense, fast-moving campaign that followed has been widely hailed as one of his greatest feats as a commander, yet it has rarely been described fully and objectively. Andrew Uffindell, in this gripping and original study, reconstructs the campaign, reassesses Napoleon's military leadership and provides a masterly account of a campaign that helped shape modern Europe.
