Aaliyah is an 18-year-old girl, who just graduated from high school. She lives with her mother, April, who is addicted to drugs, and her sister, Ayanna, who is 15 years old. Aaliyah doesn't have any income or any way of supporting her or her sister. Her mother is always coming and going, and she barely makes sure that the lights are on; she doesn't even ensure that there is food on the table. One day, she was looking through a Craigslist's job posting, where she found an ad about being a waitress. She finds out that it was less about being a waitress, but more about being an exotic dancer. With a younger sister and constant bills, Aaliyah takes the job and is quickly thrust into the world of sex, drugs, and fast money. Will she be able to stack her money and move her and her sister out of the hood? Or will she fall victim to her surroundings? Anthony "AJ" Johnson is the man to see when you need a plan. He's 24 years old, and he recently graduated from college with his business degree. His father died of cancer and that left AJ as the CEO to his dad's multi-million dollar marketing company. He has the good looks, brains, and the money. He's only missing one thing... a good woman to share it with. Anthony and Aaliyah cross paths one day, and they quickly start dating, but they're from two entirely different worlds. Can they come together as a couple and shine? Or will their different backgrounds be their downfall? Get ready for love, lies, and lust in this first novel of Aaliyah.
