Book of Garden Plans

Book of Garden Plans

Good design is the key to a successful garden, but designing a garden can be an overwhelming undertaking. The Book of Garden Plans changes all that by gathering together in one place 150 of the best designs for gardens of almost every imaginable type. Whether you are looking to create a brand new garden or redesign an existing one that has grown tired, this collection of ready-made structural plans by many of today's most celebrated and innovative garden designers will be an unparalleled reference.

The book is divided into thematic chapters and features beautifully executed plans and explanatory photographs covering a range of styles from formal to informal, city to country, and everything in between. A directory of designers featured in the books, complete with contact info and web addresses, rounds out the volume.
