The Angels' Guide to Love and Dating is for anyone searching for a soul mate. The very word soul mate implies a divine connection between two people, so it's natural that anyone seeking a soul mate might ask for angelic guidance. But how and who to ask? That's where The Angels' Guide to Love and Dating comes in.

Depending on where a person is in a relationship - single, just met someone, surviving a recent break up - there are different angels to call upon. For example, calling upon strong, independent archangel Michael can help singles thrive. People on the lookout for "the one" can count on Gabriel to help them meet new people. Brides-to-be who ask Daniel for understanding about the nature of their partners will find themselves in happy marriages soon enough. Azrael's counsel can be invaluable to jilted lovers.

This down-to-earth manual is a must for modern women (and men!) seeking spiritual guidance to keep them grounded through the ups and downs of dating. Each chapter includes a riot of content: anecdotes, quotes, meditation exercises, descriptions of angels, and angel advice. Laura Penn's playful prose uplifts the spirit. Her advice to people who are single: sleep in the 'angel position', taking up the whole bed; be spontaneous; drive however you want; control the remote.

"Whether you consider yourself to be a loner, a learner, or a loser in love, let the angels guide you through the maze of emotions from the thrill of the first date to the heartache of being dumped," author Laura Penn writes. "The angels can help you enjoy each and every moment of dating...even the bad ones."
