Deadly Deception Eric Redmon

Family was everything to John. First his family and their ranch in Leakey, Texas. His next family was the United States Army. The Army, and subsequently Special Forces, took John to remote areas of the world, and introduced him to people who meant him harm. They, however, were the ones that felt the intensity of John's training. Many a foe fell at his silent trigger pull. For many years, John thought he could invoke harm elsewhere, without risk to his own family. That all changed in a heartbeat. From Texas, to Beirut, to Saudi Arabia, John Jacobs left a mark. Before things were done, his enemies would leave their own mark on John. Deadly Deception is the first novel by Eric Redmon.
