Introduction to the Mid-Week Rapture: A Verse-by-Verse Study of Key Prophetic Passages Karl Kemp

This is the printed version of my e-book with the same title for those who prefer printed books, which I do. The primary goal for the twenty-four articles contained in this book was to discuss the most important Bible passages that enable us see that the Lord Jesus will return, and the rapture will take place, right in the middle of the seven-year period that is sometimes called Daniel's 70th week (based on Daniel 9:24-27). There is a strong emphasis in this book on passages from the book of Revelation. The book of Revelation is God's last word in the Bible on the details of the end of this age, and it is packed with those details. It contains very much information that was not included in the prophetic passages that had been given before that super-important revelation was given to the apostle John, and through him to us, about AD 95. This book (and the e-book) borrows from, and serves as a good introduction for, my paperback book, *The Mid-Week Rapture: A Verse-by-Verse Study of Key Prophetic Passages*. Now that this printed version of the e-book is available, it (or the e-book) should be read first. It is easier to read for one thing – it was taken from the texts behind my radio broadcasts on this topic – however, *The Mid-Week Rapture* contains a large amount of information not contained in this book. For example, it contains verse-by-verse studies of Psalms 2 and 110; key parts of Daniel chapters 2 and 11 and all of Daniel chapters 7, 8, 9, and 12; Zechariah chapters 9-14; and an eight page discussion that goes with the fold-out Chronological Chart that is included in the back of that book; a smaller copy of that chart is included at the end of this book.
