Ten Lies and Ten Truths (Hudson, Parker) Parker Hudson

Ten Lies and Ten Truths is a compilation of intriguing short stories, each exploring one of the foundational lies in American life today. The subjects include marriage, abortion, character, relative truth and macro-evolution. Immediately following each parable is a specific statement of the underlying Lie, its corresponding Truth and several non-fiction resources for further study of the issue. These resources include other books, scripture references and websites. The purpose of the book is to arm believers with a memorable story (and facts) about an important issue. And to disarm unbelievers by pulling them into a realistic situation which then requires them to rethink what they have always thought was the Truth. An engaging, non-threatening conversation starter with friends and family members who hold secular views on important cultural issues.
