The Infinite Book: A Short Guide to the Boundless, Timeless and Endless

John D. Barrow

The Infinite Book: A Short Guide to the Boundless, Timeless and Endless John D. Barrow

An examination of Infinity — in history and science — with excursions into literature, philosophy and religion, written by one of the most successful writers of popular science.

Infinity is surely the strangest idea that humans have ever thought. Where did it come from and what is it telling us about our Universe? Can there actually be infinities? Or is infinity just a label for something that is never reached, no matter how long you go on counting? Can you do an infinite number of things in a finite amount of time? Is the universe infinite?

But infinity is also the place where things happen that don't. All manner of strange paradoxes and fantasies characterize an infinite universe. So what is it like to live in a Universe where nothing is original, where you can live forever, where anything that can be done, is done, over and over again?

These are some of the deep questions that the idea of the Infinite pushes us to ask. Throughout history, the Infinite has been a dangerous idea. Many have lost their lives, their careers, or their freedom for talking about it. **The Infinite Book** will take you on a tour of these dangerous questions and the strange answers that scientists, mathematicians, philosophers, and theologians have come up with to deal with its threats to our sanity.

That The Infinite Book: A Short Guide to the Boundless, Timeless and Endless can give you a lot of close friends because by you investigating this one book you have thing that they don't and make you actually more like an interesting person. This book can be one of a step for you to get success. This guide offer you information that maybe your friend doesn't know, by knowing more than various other make you to be great people. So , why hesitate? We should have The Infinite Book: A Short Guide to the Boundless, Timeless and Endless.

William Delacruz:

As a college student exactly feel bored for you to reading. If their teacher requested them to go to the library in order to make summary for some book, they are complained. Just very little students that has reading's internal or real their hobby. They just do what the teacher want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that examining is not important, boring and can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this The Infinite Book: A Short Guide to the Boundless, Timeless and Endless can make you experience more interested to read.
