Quest and Michaela Ramsey are one of Seattle's most adored couples but when more than a few secrets creep toward the uncovering point, nothing will be the same. Quest is harboring a volatile secret. Every instinct warns him to come clean with his wife yet at the same time those instincts warn that Mick would be shattered once he does. Michaela; having had enough of her husband's overbearing and 'protection at all costs' nature reclaims the part of herself she fears she's lost. The release of "Royal Ramsey" the revealing biography on Quest's family has been a sore spot between the couple for years. For Michaela, the book's publication is as much about proving to Quest that she's not some helpless soul in need of his exquisite guidance as it is about staying true to the person she had to become to survive the life she was forced to lead. Circumstances however, won't wait for Mick and Quest to be honest with one another. A sequence of events will collide in a final stormy Ramsey onslaught where Quest's and Michaela's marriage could be the casualty.
