Euripides: With an English translation (The Loeb classical library) Euripides

The life of Euripides coincides with the most strenuous and most triumphant period of Athenian history, strenuous and triumphant not only in action, but in thought, a period of daring enterprise, alike in material conquest and development, and in art, poetry, and philosophic speculation. He was born in 480 B.C., the year of Thermopylae and Salamis. Athens was at the height of her glory and power, and was year by year becoming more and more the City Beautiful, when his genius was in its first flush of creation. He had been writing for more than forty years before the tragedy of the Sicilian Expedition was enacted; and, fortunate as he was, he was spared the knowledge of the shameful sequel of Athens, the miserable disaster of Agamemnon, the last lingering agony of famished Athens. He died more than a year before these calamities befell.
