HOW TO EXPERIENCE THE HEART OF THE BIBLE...

One of the most controversial statements in the New Testament concerns the virgin conception and subsequent birth of Jesus, a conception in which man had no part. It's recorded that a virgin conceived a son without the aid of man, then secretly and without effort gave birth to her conception. This is the foundation upon which all Christendom rests. The Christian world is asked to believe this story, for man must believe the unbelievable to fully express the greatness that he is.

Scientifically, we might be inclined to discard the whole Bible as untrue because our reason will not permit us to believe that the virgin birth is physiologically possible, but the Bible is a message of the soul, and must be interpreted psychologically if we're to discover its true symbolism.

We must see this story as a psychological drama rather than a statement of physical fact. In so doing, we'll discover the Bible to be based on a law which – if self-applied – will result in a manifested expression transcending our wildest dreams of accomplishment.
