Building Blocks for Iot Analytics Internet-Of-Things Analytics (Signal, Image and Speech Processing River Publishers Series)

Internet-of-Things (IoT) Analytics are an integral element of most IoT applications, as it provides the means to extract knowledge, drive actuation services and optimize decision making. IoT analytics will be a major contributor to IoT business value in the coming years, as it will enable organizations to process and fully leverage large amounts of IoT data, which are nowadays largely underutilized. The Building Blocks of IoT Analytics is devoted to the presentation the main technology building blocks that comprise advanced IoT analytics systems. It introduces IoT analytics as a special case of BigData analytics and accordingly presents leading edge technologies that can be deployed in order to successfully confront the main challenges of IoT analytics applications. Special emphasis is paid in the presentation of technologies for IoT streaming and semantic interoperability across diverse IoT streams. Furthermore, the role of cloud computing and BigData technologies in IoT analytics are presented, along with practical tools for implementing, deploying and operating non-trivial IoT applications. Along with the main building blocks of IoT analytics systems and applications, the book presents a series of practical applications, which illustrate the use of these technologies in the scope of pragmatic applications. Technical topics discussed in the book include: Cloud Computing and BigData for IoT analytics Searching the Internet of Things Development Tools for IoT Analytics Applications IoT Analytics-as-a-Service Semantic Modelling and Reasoning for IoT Analytics IoT analytics for Smart Buildings IoT analytics for Smart Cities Operationalization of IoT analytics Ethical aspects of IoT analytics This book contains both research oriented and applied articles on IoT analytics, including several articles reflecting work undertaken in the scope of recent European Commission funded projects in the scope of the FP7 and H2020 programmes. These articles present results of these projects on IoT analytics platforms and applications. Even though several articles have been contributed by different authors, they are structured in a well thought order that facilitates the reader either to follow the evolution of the book or to focus on specific topics depending on his/her background and interest in IoT and IoT analytics technologies. The compilation of these articles in this edited volume has been largely motivated by the close collaboration of the co-authors in the scope of working groups and IoT events organized by the Internet-of-Things Research Cluster (IERC), which is currently a part of EU's Alliance for Internet of Things Innovation (AIOTI).

From reader reviews:

James Lapham:

As people who live in the particular modest era should be up-date about what going on or information even knowledge to make these people keep up with the era that is certainly always change and make progress. Some of you maybe will probably update themselves by looking at books. It is a good choice to suit your needs but the problems coming to anyone is you don't know what one you should start with. This Building Blocks for Iot Analytics Internet-Of-Things Analytics (Signal, Image and Speech Processing River Publishers Series) is our recommendation so you keep up with the world. Why, because book serves what you want and wish in this era.

Mable Watkins:

The reserve untitled Building Blocks for Iot Analytics Internet-Of-Things Analytics (Signal, Image and Speech Processing River Publishers Series) is the publication that recommended to you to learn. You can see the quality of the book content that will be shown to you actually. The language that author use to explained their ideas are easily to understand. The article writer was did a lot of investigation when write the book, and so the information that they share for your requirements is absolutely accurate. You also could possibly get the e-book of Building Blocks for Iot Analytics Internet-Of-Things Analytics (Signal, Image and Speech Processing River Publishers Series) from the publisher to make you a lot more enjoy free time.

Linda Meier:

Spent a free time and energy to be fun activity to do! A lot of people spent their free time with their family, or all their friends. Usually they doing activity like watching television, gonna beach, or picnic inside the park. They actually doing ditto every week. Do you feel it? Would you like to something different to fill your own personal free time/ holiday? Could be reading a book is usually option to fill your totally free time/ holiday. The first thing that you'll ask may be what kinds of e-book that you should read. If you want to try look for book, may be the e-book untitled Building Blocks for Iot Analytics Internet-Of-Things Analytics (Signal, Image and Speech Processing River Publishers Series) can be fine book to read. May be it can be best activity to you.

Doris Stone:

You can get this Building Blocks for Iot Analytics Internet-Of-Things Analytics (Signal, Image and Speech Processing River Publishers Series) by browse the bookstore or Mall. Merely viewing or reviewing it could possibly to be your solve difficulty if you get difficulties on your knowledge. Kinds of this publication are various. Not only by written or printed and also can you enjoy this book simply by e-book. In the modern era such as now, you just looking of your mobile phone and searching what their problem. Right now, choose your own personal ways to get more information about your book. It is most important to arrange yourself to make your knowledge are still revise. Let's try to choose suitable ways for you.
