## **The Masculine Cross and Ancient Sex Worship** Sha Rocco

A tremendous and controversial undertaking for its time, this book unearths some of the most fascinating connections between the world of Christianity and sexual imagery, adventure and exotica. Without missing a beat, Rocco has seen to it that his readers are not only kept fascinated, but that his own theories and precepts remain strong in the reader's mind. Rocco moves from an intrinsic philosophy of the cross and its shape and form in theoretical gendering, while leaving no stone unturned in his discussions of the Triad and Vocabulary of the ancients.
