**The NeuroICU Book, Second Edition** Kiwon Lee

**A practical, protocol-based guide to the emerging field of neurocritical care – updated with the very latest research and developments**

The goal of neurological critical care is to rapidly deliver acute medical therapies and appropriate interventions through effective monitoring of both neurological and end organ function. *The NeuroICU Book* puts that goal within the reach of every neurologist and critical care specialist.

Thoroughly updated to keep pace with all the advances in this emerging field, the Second Edition combines the latest clinical perspectives in critical care medicine, neurology, and neurosurgery. This comprehensive, evidence-based text standardizes neurocritical care and takes readers through the rationale for those standards. Filled with detailed case studies and featuring a question-and-answer format, the book not only builds competency in recognizing acute changes in neurological function, but also addresses all organ insufficiencies and failures, reflecting the real-life challenges in the modern neuro-ICU.

- Robust, wide-ranging scope goes beyond classic neurology to encompass other organ failures at the time of presentation or during the ICU stay
- Evidence-based approach leverages the scientific and controlled research that supports the key treatment methods outlined in the book
- Practical tools including algorithms, tables, illustration, photographs, detailed references, and critical take-home points

#### **Peggy Gillman:**

As a university student exactly feel bored to be able to reading. If their teacher asked them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's soul or real their pastime. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that examining is not important, boring and can't see colorful images on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this The NeuroICU Book, Second Edition can make you sense more interested to read.
