Covers All 4 Revised CCNP Exams

If you're serious about earning your CCNP, you need extensive hands-on experience with routers and switches. Until now, this has required access to expensive network equipment--not to mention the freedom to experiment with it. This updated version of the best-selling CCNP Virtual Lab from Sybex gives you everything you need to prepare yourself for the new CCNP exams. You can practice with this "equipment" on your own, follow suggested labs that cover the entire range of CCNP objectives, and design custom labs that focus on your special interests. An affordable alternative to products and courses costing hundreds, even thousands, of dollars, the CCNP Virtual Lab allows you to work at your own pace, on your own time, so you get the most out of your exam preparation efforts.
