Roxie Montgomery is too wild for her own good, or so her father thinks. Determined to protect her from herself, he demands she settle down and find a husband or he'll find one for her. However, Roxie's lack of domestic skills make the task easier said than done.

Texas rancher, Garrett Husband has been sitting on a secret for years, but that might have to change if he wants to keep his childhood friend from marrying another man. When her choice becomes apparent, will he cave to her decision or do the unthinkable and make her hunt him instead?

*Originally released as an award-winning short story, Husband Hunting is now more than quadruple the length and packed with more laughter and romance than before. Enjoy this companion novella to the exciting inspirational western romance Love, Stock, and Barrel (Marriage & Mayhem, Book 2).*
