Robert S. Kennedy, Pedro C. Gonzales, Edward C. Dickinson, Hector Miranda, Timothy H. Fisher

A Guide to the Birds of the Philippines Robert S. Kennedy, Pedro C. Gonzales, Edward C. Dickinson, Hector Miranda, Timothy H. Fisher

Here is the first and only guide to cover all 572 species of birds known to occur within the 7,100 islands that comprise the Philippines. The Philippines are the home of nearly 172 species that are not found anywhere else in the world-many of which are endangered as the result of high levels of habitat destruction in the Philippine forest. Thus, knowledge and study of the endemic characteristics of the birds of the Philippines are of critical importance.

This *Guide* is beautifully illustrated with 72 specially painted color plates, showing all species recorded from the Philippines except four rare accidental species. The accompanying text gives detailed information about the plumage, voice, range, distribution, status, habitat, life history, and behavior of the birds and includes helpful distribution maps for all the species highlighted.

Created by an expert team of authors and artists that includes two prominent Philippine ornithologists, this book combines over 60 years of experience and research. Not only will it appeal to ornithologists and avid birders, but it will enthrall conservationists and all nature lovers.
