Having a big family means never wanting for anything. You have protection, loyalty, friendship, and affection. Most of all, you're never alone. But what happens if all of that is taken away? M'vita was born into a large wild dog family, one of the largest ever seen. But when disaster strikes, she finds herself all alone, the sole survivor in a land of paradise without a single wild dog in sight. Now, she has to find a way to survive and cope with her loneliness. Squaring off against predators three times her size, she comes to terms with her new role and makes unlikely allies in order to survive. After confiding her fears to an equally lost cheetah, will she finally find what she has been searching for?
