## **The Philosophy of Kierkegaard (Continental European Philosophy)** George Pattison

Although the ideas of Soiren Kierkegaard played a pivotal role in shaping mainstream German philosophy and French existentialism, the question of how philosophers should read Kierkegaard is difficult. His intransigent religiosity has led some philosophers to view him essentially as a religious thinker with an anti-philosophical attitude. In a major new survey of Kierkegaard's thought, George Pattison addresses this question and shows that although it would be difficult to claim a "philosophy of Kierkegaard" as one can a philosophy of Kant or Hegel, there are significant common interests in Kierkegaard's central thinking and the questions that concern philosophers today.
