This interactive health assessment CD-ROM reinforces assessment skills and concepts covered in textbooks, videos, and labs and serves as a great review for practicing nurses in the clinical setting. Each module corresponds to a body system with 5 modules for assessing special populations. Within each module, you'll find 5 different types of interactive learning exercises: structure and function exercises with labeling and animations, analysis of data exercises, communication exercises, performing physical assessment exercises, and NCLEX®-style quizzes. Feedback is provided including rationale for correct answers. Audio and video clips clarify concepts of assessment and anatomy and physiology.
